Henry Clayton Here.

Hon. Henry Clayton, our own representative in congress, was here last Tuesday and spoke to a good crowd at the court house in the interest of the democratic candidates of Alabama.

While, of course, there is no danger in Coffee county voting anything except the straight democratic ticket, it was good to have Mr. Clayton here, and a pleasure to have him tell of what the party had done and what it expected to do. Then he is a well-liked man in Coffee anyway, and it was good to see him and have him mix with the "common people."

Judging from Mr. Clayton's speech there is reason to believe that the democrats will come into control of the house of representatives at the next election.

Tennille, Route 2.

The people on this route are about through picking cotton.

J. T. Eagerton, Joe Dismuke, Gus Arrington and John Shiver attended the Coffee County Baptist Association.

Prof. J. D. Willis began his school at New Hope Monday. Prof. Willis is one of Coffee's best teachers.

Jim Arrington drew a fine sewing machine at Elba Saturday, October 15th. The machine was given by Phillips-Boyd Publishing Co. The drawing was conducted by J. T. Eagerton.

Last Monday night, Oct. 17th, Jeff Strength, son of Mrs. Sudie Anderson, was called to rest by the death angel. Our sympathy goes out to the loved ones.

It Looks Bad For You

To have sore eyes. Sutherland's Eagle Eye Salve will cure them. Harmless and painless, guaranteed for 25c a tube.

Rolling Brings in Big Potato.

Troy Messenger. Thos. R. Rolling, residing above Troy, has brought to Probate Judge Edmonson a large sweet potato, grown in this county. The potato tipped the beams at six and one-half pounds. Can any one produce a larger one?

After Shaving

Use Dr. Bell's Antiseptic Salve. It will prevent the face getting sore. It destroys germs and prevents contracting any disease. 25c Sold everywhere.

Lee-Williams.

Sunday evening at the home of the bride about two miles West of Elba, Mr. P. R. Lee and Miss Mary Williams were married, Judge S. N. Rowe performing the ceremony.

The many friends of the couple wish for them a long and happy life.

The Louisville Courier-Journal calls attention to the fact that "the slump in population in Missouri never touched those counties which are enjoying the advantages of a system of good roads," and quotes as follows, from The Kansas City Star: "The decrease that sure sign of stagnation, in Missouri's rural population is certainly to be laid at the doors of those counties and communities that are of the hold-back, no-use-for-improvement kind. The figures show it. No one cares to settle nowadays where there are no roads and where there is no spirit to improve them."

The little town of Samson is again wakened by a political war. Two rival factions claim the municipal officers, and an appeal to the courts has been made to settle the dispute.

Masonic Conference

The Second Annual Session of the Eleventh District Masonic Conference will convene in Dothan on Tuesday and Wednesday, Nov. 15th-16th. This is the first Session of this body after permanent organization being perfected at a similar gathering here in June, 1909. At that time By-Laws were adopted, and an Executive Committee appointed to prepare a program each year, and give the masons of this district an opportunity to hear lectures from noted men of the order, and have the work exemplified by the Grand Lecturer. The Eleventh District is composed of Henry, Houston, Coffee and Geneva Counties, and will have representatives from about thirty lodges. The Committee in charge of the program for the Second Annual Session has been most fortunate in securing instructors for the occasion. Prof. A. M. Scott, of Headland, Chairman of the Committee on Work, of the Grand Lodge of Alabama, will be present both days, and will exemplify the work in the three degrees of the blue lodge. Brother Scott is one of the best posted Masons in the South, and needs but little said about him so far as the masons are concerned. His efforts in the work, and wherever he exemplifies the work he gets an invitation to return again. Grand Master Lawrence H. Lee of Montgomery is also expected to be present, and give an address before the Conference. In addition to these distinguished Craftsmen, the Conference will have an opportunity of a life time, in hearing two addresses from Dr. N. F. deClifford, of Cincinnati, Ohio, a Mason of world-wide reputation. Dr. deClifford is a native of England and has been a student of masonry for 48 years. He is one of the most accomplished masonic teachers and writers in the world having spent several years in Egypt, 15 years in India and several years in Palestine exploring and investigation. His personal observations from a long life's study of symbolic masonry has been such that no matter how well one is posted in the mysteries, he can entertain and instruct him regardless of tastes or surroundings. His lectures and blackboard drawings are highly commended by all who have heard them. His writings are eagerly sought and read by masonic students, and the masonic journals publishing his letters are among the most popular. Grand Secretary Geo. M. Beauchamp regards Dr. deClifford as the best masonic student he has ever had the pleasure of hearing and urges all to attend his lectures who have an opportunity to do so. Ordinarily a District Conference could not secure one of such international fame; but he is making a tour of the south studying the work, and has kindly agreed to be present and give two lectures at this Conference.—Dothan Eagle.

An Old Citizen Dead.

Mr. John Fountain, one of the oldest citizens of Elba, died at his home here last Friday night and was buried at Evergreen cemetery Saturday.

Mr. Fountain was nearly eighty-five years of age and all his life was spent in this county with the exception of five years he lived in Georgia. He was a good man and a good citizen. He lived a quiet, industrious life and died holding the respect and confidence of all our people and a host of friends throughout the state.

How Much Will You Pay

DAVID B. HILL HAS PASSED AWAY

Had Been Prominent in New York Politics.

FORMER GOVERNOR OF STATE

Deceased Statesman Had Been Ill for Three Weeks, but His Condition Was Not Regarded as Critical, and the End Came Quite Suddenly.

Former Governor of New York and ex-Senator David B. Hill died at his home, Wolfer's Roost, near Albany, N. Y., on Thursday. He had been ill nearly three weeks with a cold and a bilious attack, but his condition had not been considered serious. He was sitting up in bed to take a drink of water when he was

DAVID B. HILL.

seized with an acute dilation of the heart. Death quickly followed, with no one but a nurse at his bedside.

Hill a Sufferer for Years. Mr. Hill had long been a sufferer from Bright's disease, which primarily brought upon him the condition that ended in his death.

Although he retired from active participation in politics following the presidential election of 1904, Senator Hill was deeply interested in the progress of the present campaign. As late as Friday of last week he discussed the situation with Judge Parker, who was then preparing to make a tour of the state in the interest of the democratic ticket.

Senator Hill had entertained many men distinguished in state and national politics at Wolfer's Roost and his guests always found him a most hospitable host.

Flags at Half-Mast. Governor White issued a proclamation requesting that all the flags on public buildings be displayed at half-mast until sundown on the day of Senator Hill's funeral, and that the citizens of the state unite in appropriate marks of respect to his memory.

BELIEVED SHIP LOST.

Total Loss of Sixty-Four Lives is Reported.

That two steamers plying between New Orleans and Central and South American ports sank probably in the Yucatan channel during the recent severe storm, with a total loss of sixty-four lives, is the belief in shipping circles at New Orleans.

The vessels believed to have been wrecked are the British steamer Crown Prince, Captain R. Kirkwood, with a crew of thirty-five, and the Bluefields, of Norwegian registry, Captain C. M. Lange, with twenty-nine souls aboard, including beside the crew, Captain Lange's wife.

The Crown Prince, which sailed from Santos, with a cargo of 75,000 bags of coffee, was last reported on October 7 at Barbados. She was due here Sunday. She is of 2,535 tons gross register, 325 feet long, and is owned by the Prince Line, Limited, Newcastle.

The Bluefields sailed from Cebu, Spanish Honduras, on Friday of last week, with a cargo of bananas valued at \$14,000. She is of 1,002 tons gross register, and was chartered by Hacerro Brothers, of New Orleans.

The steamer Orib, which was ahead of the Bluefields when the storm struck her, was blown 300 miles out of her course. The Orib had the open sea in which to make her fight for safety, whereas the Bluefields undoubtedly was struck by the full force of the hurricane before she reached the open sea.

News comes from Dycusburg, Ky., to the effect that "night riders" is a discarded name, and that "United Brothers of Night Guards" is the latest style of signature on letters received by independent tobacco farmers ordering them to pool their tobacco. The letters read: "By our blood, we command you to pool all of your 1910 tobacco. (Signed U. B. N. G.)" The letters have been received through the mails.

The 124th annual communication of the Grand Lodge of Georgia Masons convened in Macon at the city auditorium Tuesday morning at 10 o'clock, with Grand Master Henry Banks, of LaGrange, and about 1,000 members from all sections of the state in attendance. There are about 500 other Masons here.

The semi-annual meeting of the bishops of the Methodist Episcopal Church, South, adjourned at New Orleans to meet in Nashville in May, 1911.

CRIMES AND CASUALTIES.

James C. Foster, a salesman from Co. CASUALTIES. lumbar, Ohio, complained to the police that he had been robbed of two sample cases containing \$10,000 worth of jewelry at Chicago, while he was in a hot lobby. According to him, he left the sample cases on the floor in front of the cashier's desk, to step to the cigar counter. When he returned, a minute later, the sample cases had vanished.

Carroll Parsons, bank boss, at Yolande mines, and John Gore, a miner, were murdered in a vacant cottage at Yolande, says a Birmingham, Ala., dispatch. The bodies were found by neighbors who heard ten or twelve shots in the house. After an investigation Coroner J. M. Rogers, of Tuscaloosa county, caused the arrest of Dick Parsons, John Henry Caldwell, Charles White and Amos Caldwell. All parties are white. Both dead men had just been paid off at the mines. About two dollars were found on each of the bodies.

Jim Goffe, a negro sixty years old, is said by a coroner's jury to have been murdered by his fifteen-year-old son, at his home 12 miles from Cartersville, Ga. His head was blown off by a shotgun and the body thrown into the Etowah river by the boy and his young sister. The killing was done on Saturday. The body was found floating Tuesday. His wife and four children are locked up as accessories to the alleged crime.

Joe Vitellozzi, an Italian sculptor, employed by the Elledge & Norman Marble Company, ended his life at Columbus, Ga., by shooting himself through the head. He had appeared for several days to be mentally unbalanced, and arrangements had been made for the authorities to take charge of his case. Vitellozzi, who had resided at Columbus for eighteen years, was an expert in his profession.

The Florida News, of recent date, contained the following: Allen King of Elba, circuit clerk of Coffee county, spent several days last week prospecting in Elba, and was so well pleased with our beautiful little city and her progressive people, that he expressed his intention of returning home, resigning his office and moving to Elba. Mr. King is one of the best known and most thorough-going gentlemen of that section and we shall be glad to number him among our permanent citizens."

Mr. Allen King is one of Elba's best citizens, and has many friends here who would regret to see him leave. We trust that he will re-consider his decision, and decide to stay with us and "grow up with Elba." No town has a brighter future and no town needs such men as Mr. King more than this one.

The annual chrysanthemum display of Elba Improvement Association will be at Page block Friday and Saturday, afternoon and evenings of this week. These displays are always interesting and it is expected that the number of flowers entered this year will exceed any previous exhibit.

Mr. Jas. W. Windham, manager of the Union Warehouse and Storage Company at New Brockton, was among the prominent visitors in town to-day. The Union warehouse is doing splendid business in handling cotton this fall, and is proving a good thing for the farmer as well as the stockholder.

PROMINENT GEORGIAN CLAIMED BY DEATH

Solicitor Charles D. Hill Has Answered Last Call.

WAS NOTED AS A LAWYER

While Addressing a Jury in the Superior Court of Fulton County Well Known Georgian Was Stricken with Fatal Illness.

After lingering for three days between life and death, Solicitor General Charles Dougherty Hill, a prominent Georgian, an able jurist, a faithful citizen, came to his end at his home, 664 Piedmont avenue, Atlanta, Ga., on Friday morning.

It was while making a speech to a jury in the superior court room on Tuesday morning that Mr. Hill was seized with an attack of indigestion. He was taken immediately to his residence and sank into an unconscious state, remaining that way until Thursday morning, when he appeared to be improving. He seemed to know his friends and talked a few moments to Miss Ridley, of LaGrange.

In the afternoon he again lapsed into a comatose condition and continued to sink lower and lower until life departed.

At the bedside during the last moments were Judge Benjamin H. Hill, of the court of appeals, his brother-in-law, Benjamin H. Hill, Harvey Hill, his son, and the attending physicians, Drs. Ellis and Goldsmith, and Ridley, of LaGrange.

Seldom has Georgia produced a more brilliant speaker, a harder student of law, a more successful criminal practitioner, a more conscientious prosecutor, than Charles Dougherty Hill, the youngest son of the Hon. Benjamin Harvey Hill, one of Georgia's greatest statesmen—whose oratory carried his hearers off their feet and whose logic convinced all who heard him.

"Like father, like son," is an old proverb, but true in his case.

"ETHEL LENEVE GOES FREE.

Jury Finds That Pretty Typist Was Innocent of Killing Mrs. Crippen.

After a trial lasting only a few hours, in the new Bailey criminal court at London, a jury found Ethel Claire Leneve not guilty as an accessory after the fact in the murder of Cora Belle Crippen, for whose death her husband, Dr. Crippen, will die on the gallows on November 8.

Miss Leneve was in love, it is said, with Dr. Crippen and slept in his house on the night of the day following the day upon which the doctor murdered his wife and buried the dismembered parts in the cellar of his Hilldrop Crescent home. She accompanied Crippen in his flight to Canada, and with him was arrested and indicted.

From the first she has maintained innocence of any knowledge of the crime, but the crown alleged that her behavior subsequent to the disappearance of Mrs. Crippen, or Belle Elmore, as she was known on the stage, was such as to betray a guilty knowledge of the murder. When arraigned Miss Leneve pleaded not guilty, and witnesses were introduced by the prosecution to show that she had experienced great mental distress following Belle Elmore's death. The crown prosecutor introduced only such testimony as has been brought out in the earlier hearings.

WIN WORLD'S CHAMPIONSHIP.

Chicago Cubs Were Defeated by Philadelphia Athletics.

The baseball championship of the world belongs to the Philadelphia club of the American League. They clinched the big pennant last Sunday with 7 runs to 2 for the Chicago Nationals, and there was none in the big overload crowd to say that they had not won it fairly and squarely. Five games were played, and the eastern youngsters took four of them by outbating, outfielding and outrunning the veteran Chicagoans.

SLEW HIS SWEETHEART.

Jealous Rage Seized Young Farmer Near Lafayette, Ind.

Jealousy at the attentions being paid his sweetheart by another man is said to have prompted Martin Robinson, a prominent young farmer, to shoot and kill Miss Grace Eller, 17 years old, and to fire one shot at Wilford Southworth, who was spending the evening with her.

Southworth ran, and it is not known if he was injured. The tragedy occurred at Montmorencie, 10 miles north of Lafayette, Ind. Robinson, who has not been found, is said to have told the neighbor after the shooting that he intended to commit suicide.

ELBA, ALA. NOV 1 1910

Every Democrat can well feel proud of the splendid record of the Democratic party in Alabama. All our advances, all our reforms have been secured through the Democratic party. And while Democrats have differed some over certain phases of the temperance question, the fact remains and should be considered, that all the notable reforms in the interest of temperance in Alabama have been achieved within the Democratic party. Recognizing this, every Democrat should make a special effort to get to the polls on Nov. 8th and cast his ballot, and to that extent, rebuke the effort to the Hitchcock Republicans, who are trying to divide the white people of the State. Go to the polls and vote the ticket from top to bottom.

Every Democrat voter should make a sacrifice to go to the polls and cast his vote on Nov. 8th, if a sacrifice is necessary, for the Democratic ticket. It is especially important, this year, that each county should poll its full Democratic vote, for according to the action of the State Democratic Convention, the basis of representation in conventions in the future will be the Democratic vote cast in each county. We should see to it, that the prestige of our county in political and governmental affairs is not impaired. Besides, this is a great Democratic year throughout the United States, and Alabama should show that it is keeping pace with the advances of Democracy by rolling up one of the

BEES GET BUSY.

Inflated Insects Delay Traffic on Burlington Road.

Seventy-five hives of inflated bees played an important part in delaying traffic on the Burlington railroad following a collision between two freight trains in which 20 freight cars were destroyed and a large quantity of merchandise damaged.

The bees were in a car of household goods. They kept the wrecking crew at bay for several hours before they were smoked out.

S. D. Nelson, of Upland, Neb., the owner of the bees, who was traveling in the car with the goods, suffered the only injuries resulting from the wreck. He was severely stung before he could make his way out of the car.

Twenty-five killed.

Disastrous Collision Occurs on Road in Illinois.

Twenty-five persons were killed and from sixteen to twenty-five injured in a collision two miles north of Stanton.

The collision occurred between a local train northbound and an excursion train headed toward St. Louis, and loaded with passengers on their way to view the parade of the Vellied Prothet at St. Louis. The accident, according to present information, was due entirely to the disregard of orders by the crew of the local.

Free Remedy For Weak Bowels

There are two forms of bodily cleanliness, the external and the internal. The one is for your pride in yourself; the other for your life and health. Both are important, but of vastly more importance in the long run is the internal cleanliness.

This is one point that all should watch about their bodies—the cleanliness of the bowels. Keep them clean and free from obstructions. To do this you must have one or two movements of the bowels each twenty-four hours. If your system does not do this naturally, in the process of eating and drinking, then you must obtain aid of some kind. After finding out that cathartics, salts and such things relieve you for a day, but bind you up worse than ever the next day, then try a simpler and more natural remedy like Dr. Caldwell's Syrup Pepsin.

For the skeptical the best way to be sure is to send your name and address to Dr. Caldwell for a free sample bottle. Use it as directed and it will convince you that a brief continuance of its use will relieve you permanently—that it will train the stomach and bowel muscles to action naturally and certainly. Then buy it of your druggist at fifty cents a bottle. It is a bottle that will save you a dollar a bottle. It is a bottle that will save you a dollar a bottle. It is a bottle that will save you a dollar a bottle.

A brief use of this grand laxative tonic will cure constipation in its worst form, indigestion, liver trouble, sick headache, sour stomach and such ailments and keep you in continuous good health at a very small cost. For the free sample simply send your name and address to Dr. J. C. Caldwell, Elba, Ala. For the free sample simply send your name and address to Dr. J. C. Caldwell, Elba, Ala. Petition.

The State of Alabama, in Probate Court, Coffee County.

This day came Mary McBryant, and filed in this court her petition, together with a paper purporting to be the last will and testament of John Fountain, deceased, late of said County and State, for probate and record in this court; and it appearing from said petition that petitioner is the sole legatee and devisee named in said will; that the next of kin of decedent are non-residents of the State of Alabama; that said next of kin are three sisters of said decedent, Mrs. Millie Hill, Mrs. Ellen Gibbs, and Mrs. Polle Gibbs, and the descendants of Jonathan Fountain, all of whom petitioner is informed reside in the state of Georgia and are over the age of 21 years.

It is ordered by the Court that the 23rd day of November, 1910, be set apart for the hearing of said petition, and that notice thereof be given for three successive weeks in the Elba Clipper, a newspaper published in said county, notifying all persons to be and appear before me on that day, and enter said application if they think proper.

An Example of Clothes Making Science

We have been telling you about these fine Galtman-Bedman clothes. Here is another of the reasons why these clothes excel. They are made by special machines, each machine capable of making 1,000 a week, pressure at a temperature of 500 degrees. The machine is operated by electrical power—pressure and temperature controlled by a master programmer. Both and so finally only the iron is hot, that of the iron and that of the surrounding surface, are heated, bringing each fabric surface to equal temperature in pressing. The result of these special pressing methods is that the clothes are made to equal temperature in pressing. The result of these special pressing methods is that the clothes are made to equal temperature in pressing. The result of these special pressing methods is that the clothes are made to equal temperature in pressing.

We are ready to prove it—only waiting for your visit.

BROCKTON.

By B. F. WEAVER.

(All communications intended for this department should be addressed to B. F. Weaver, New Brockton, Ala.)

Now didn't the cold weather strike you a little sudden? Did you see how the fellows put on their coats and doubled up like Jack Frost was hitting them in the stomach with a sharp pole?

This is the time when the family gathers around the fireside in a closer order than at any other time during the year. This means much to the loving mother who has watched her husband and her sons rush in at meal times, gulp down some food, with hardly a word of thanks for her loving care, then rush out again to work or to the lodge or some where except at home.

This hour around the fireside is the time of all times mother and father may mould the future of the sons and daughters who sit around them, reading or studying, but what be the future of the child or the happiness of the parent if the child is allowed to roam at will in the streets where men always appear to be at their worst.

A very sad death occurred near here Sunday night when Thelma, the little two-year-old child of Mr. and Mrs. J. R. Byrd breathed her last. This is a severe blow to the bereaved parents who had already lost their first child. Little Thelma had suffered much but with a sweet child like faith she bore it and has gone now where there is no more suffering.

Another happy home wedding took place here last Wednesday where Miss Verna Warren of Clintonville and Dr. C. B. Hutchinson of Samson were married at the residence of Mr. Warren.

These young people left on the afternoon train for Atlanta carrying with them the best wishes of the people of Brockton and Clintonville.

was very popular. Should news be scarce from this section, it may be partially because the editor has been afraid to come out of the swamp since he wrote about a certain young lady who was a leader here and the type put it "bader".

No ready trimmed hat can give the perfect satisfaction that one fitted to you. Individual ideas and to suit your own style of beauty can give. The satisfaction of knowing that you have just what you want, and just what is most becoming, is worth far more than the few cents you save by buying a hat of the hand-me-down kind.

Seven Cars of Beer Seized

Birmingham Reformers Get Warrants For Attachment.

Birmingham, Ala., Nov. 2.—On warrants sworn out before Judge Fort of the Criminal Court by C. W. Austin, former chief of police and one of the leaders of the reformers in Birmingham, Deputy Sheriffs Chew and Sid Cowan attached and seized seven cars, loaded with beer, in the yards of Illinois Central and Frisco railroads this morning.

A car said to contain whiskey was attached and seized last night under a similar warrant gotten out by C. W. Austin, the allegation being that this is a violation of the prohibition laws. The deputy sheriffs after making the seizures tacked notices on the cars, placed special locks on the doors and served a copy of the notice and the warrants under which the attachment was made on the railway officials.

The liquor is alleged to have been shipped to J. D. Evans, A. D. Walstrom, A. W. Farish, Eugene Westheimer, and is said to have been shipped from Cincinnati, St. Louis and Chicago.

In some instances it was learned that some of the goods had been ordered shipped back to starting point.

Attorneys representing the railway companies called on Judge Fort at noon today and made claim that the interstate shipments had not been completed notwithstanding the fact that bills of lading had been delivered to parties whose name were on the cars. There was a counter claim of collusion between the railroads and the local consignees.

Town Tax Notice.
To Whom It May Concern:

Notice is hereby given that the tax assessment for the Town of Elba, Alabama, for the year of 1910 has been completed, and has been returned to the Council, and Tuesday, the 15th day of November, 1910, at 7 P. M. has been set as the time for hearing objections to the assessment and for the Council to make corrections therein and determine the assessment, and the Council will meet in the Council Chamber at said time for said purpose.

Done by order of council on this November 3rd, 1910.

M. S. Carmichael,
Mayor.

Burned to Death.
Miss Kittie Marsh was burned to death the first of the week at her home near New Brockton.

She lived alone and it is supposed that her clothing caught on fire. She was of a prominent family, a sister of Mr. J. A. Marsh of New Brockton, and leaves a number of relatives.

To keep your health sounds avoid the ills of advancing years to conserve your physical for a ripe and healthful old age, guard your kidneys by taking Foley's Kidney Remedy City Drug Co.

Chrysanthemum Show.

The second annual display of chrysanthemums by the City Improvement Association will be in full bloom by the time this reaches Clipper readers.

The flowers are being shown in the Page block, and many very fine exhibits are to be seen.

Quite a number of Chrysanthemums and other pot plants were received by the committee yesterday and this morning they are being received by the dry load. The number of flowers already on exhibition would be sufficient for a good show and at this time they are still coming in.

Compared with last season a great improvement is noticeable, both in the size of the exhibits and the perfection of the flowers.

The show will be opened this afternoon and evening and at the same hours to-morrow. Every one should attend so as to encourage the ladies in this very commendable enterprise, as well as for the pleasure they are sure to derive from seeing such wonderful flowers.

Brockton Route 2.
BY HUSTLER.

Hustler never complains, neither has he any apologies to make. Hustler is no run maker.

The rain which fell at this place Thursday afternoon was badly needed.

We had the pure winter here Saturday and Sunday.

Cold a plenty now to kill a "big one."

The little farmer sometimes makes the big money.

Preparations are being made hereabout to begin syrup making, this week.

Several farmers failed to dig up their seed cane time enough to be exempt from the late freeze.

Indications are that a nice chance of pork will be housed by the Coffee farmers this fall.—What a blessing.

Cotton will bring 20cts per pound before planting time is the prediction of Hustler. Mr. farmer are you going to hold your cotton and make the difference your self, or give it to the other fellow, Which?

It is not thought by any of our farmers that the coming of the boll weevils will have any serious interference with the usual farming here. No sir this country is too healthy and hilly for the boll weevil. It is the big flat rich bottoms, something like the Mississippi valleys where the pest can thrive to any harmful extent.

Mr. J. D. Adkinson of near Victoria dropped in to see the writer a few minutes Sunday afternoon. Mr. Adkinson classes among our very best farmers, and according to his statement, he is about as highly in favor of raising stock beans as a land preservative as Hustler is compost.

Both are good, John, go your route old boy.

The school began here Monday with Miss Mae Morris of Elba, as teacher.

Mrs. El Brunson who was reported to be so seriously ill at this place, is not any better at this writing.

Mr. F. L. Brunson, of Samson, is visiting his sick mother here this week.

Getting about time for you to hunt your winter quarters, ain't it Teddy?

We expect there will be a good deal of land trading in Coffee this fall.

By-iy says Hustler.
